

Request for Proposals

Maine Forest Economy Growth Initiative

Global Market Analysis and Benchmarking

Issue Date: September 15, 2017

Closing Date: October 6, 2017

Part 1. Background

1.1 Committee Overview

We are a consortium of forest industry organizations that are working together to develop a long-term Vision & Roadmap for Maine's Forest products sector, including the:

- Maine Forest Products Council
- Professional Logging Contractors of Maine
- Maine Woodland Owners
- State of Maine
- University of Maine, led by the Center for Research on Sustainable Forests
- Maine Development Foundation.

This consortium will help industry and government leaders work together to develop a common long-term vision for the sector by identifying the key opportunities that must be captured, key challenges that must be met, and key obstacles that must be overcome to develop greater economic prosperity in the forest products sector across the State.

The Maine Forest Products Council (MFPC) has been awarded a federal grant from the U.S. Economic Development Administration for the project. The Global Market Analysis and Benchmarking is a critical component.

1.2 Background

Rapid change in marketplace demand for paper has led to the recent closure of five pulp and paper mills and the periodic idling of biomass electric facilities. Between 2014 and 2016, the total economic impact of the forest products industry fell from \$9.8 billion to \$8.5 billion, and more than 5,000 jobs were lost. Maine has lost 50 percent of its softwood pulp market in the last two years.

1.3 Purpose of the RFP

The purpose of this Request for Proposals (RFP) is to solicit competitive bids for a Global Market Analysis and Benchmarking.

The EDA-approved total budget for Phase 1 of the Vision & Roadmap for Maine's Forest products sector, which includes several initiatives including wood supply, logistics, energy, and marketing as well as the global market analysis, is \$1.25 million.

1.4 Project Scope

RFP #1: Phase 1 and Phase 2

Background information to be provided by committee after award of the RFP:

The following information regarding Maine's forest will be provided to the consultant by the Maine Forest Economy Growth Initiative:

- Fiber Cost (current pricing and forecast pricing)
- Fiber Availability (modeled statewide and megaregion forest growth and harvest volumes)
- Available reports and data regarding Maine's competitive position

Phase 1 – Market Study

The objective of this phase is to identify potential markets that best match Maine's forest and other resources with a focus on the utilization of softwood fiber and biomass quality chips.

Deliverables:

- Identify both traditional and new/emerging technologies or underserved market sectors that appear to be good fits for Maine's need to: increase utilization of softwood fiber and biomass, create good jobs, and manufacture products for growth markets. These should be evaluated on both short term (0-5 years) and long term (5-10 years) potential time horizons. A short list of the most promising (no more than 10) should be identified as well as a secondary list of interest. Given the developed short list, identify the specific geographic areas (both domestically and globally) that would compete with Maine in these markets. The output of these tasks will be presented to the committee for review and approval. This will be done via conference call.
- For the short listed markets, evaluate the market size and growth projections (both in North America and globally), key market players, distribution channels, trade flows, capital requirements, value add/revenue analysis and regulatory requirements. Identify unmet market needs that could be served by Maine's resources.

This final report will be presented to the committee for evaluation and approval before proceeding to Phase 2. This could be completed via conference call or in person.

Provide pricing/completion date for this Phase 1 by completing the Fixed Price Summary Sheet attached.

Phase 2 - Competitive Benchmarking/SWOT Analysis

The objective of this phase is to identify Maine's competitive advantages/disadvantages in the most promising markets identified in Phase 1 by identifying and then benchmarking against regions that currently dominate the markets identified in Phase 1. In order to contain costs, the supplier should utilize existing study data when possible. The committee shall provide Maine data and contact information where possible.

Deliverables:

- Competitively benchmark Maine vs. the identified competing regions
- Previous studies to be provided to the consultant by the Maine Forest Economy Growth Initiative include:
 - Benchmarking Maine's Forest Industry, September 2015, Innovative Natural Resource Solutions LLC
 - Current Conditions And Factors Influencing The Future Of Maine's Forest Products Industry, March 2005, Innovative Natural Resource Solutions LLC
- Benchmarks to include at a minimum:
 - **Tier 1** – the information provided by the supplier for this tier should be of the highest quality, most detail of the reporting to be delivered
 - Fiber availability and cost – residue, roundwood & biomass – Maine Cost of Fiber Study and Maine Wood Supply Projections study to be provided
 - Must provide: cost comparison, growth to drain ratio, ownership patterns, availability
 - Workforce – Workforce Baseline Assessment for Biobased Manufacturing in Maine, 2017 to be provided.
 - Must provide: demographic comparison, workforce qualification requirements, availability, overall competitiveness
 - Regulatory climate
 - Must provide information regarding important regulatory requirements by market ie permit by rule, etc
 - Taxation
 - **Tier 2** – the information provided by the supplier for this tier should be less detailed, but provide sufficient information to cover the most important data for these categories:
 - Policies that support economic investment, both at the state and local levels
 - Logistics infrastructure and transportation costs

- **Tier 3** – the information provided by the supplier for this tier should provide high-level information only:
 - Energy and distribution costs
 - R&D support
- Provide graphs showing how Maine would rank for competitiveness in the markets selected in Phase 1, as compared with the previously identified regions. Identify the key areas of advantage and discuss how to leverage those. Identify the key areas of weakness and discuss how they can potentially be addressed.

This report will be presented to the committee through an in person presentation.

It should be noted that the above categories may be subject to change once the Phase 1 has been completed.

Provide pricing/completion date for this Phase 2 by completing the Fixed Price Summary Sheet attached.

Based on the results of these phases, the committee plans to issue additional RFPs including: identifying and addressing policy and infrastructure challenges that need to be addressed, identifying critical factors important for capital investment to occur in Maine for these markets, and developing a marketing and policy strategy to form a comprehensive strategic plan for Maine's forest future.

Part 2. Instructions

2.1 Key Dates

Any questions regarding the RFP should be submitted to the committee contact email address no later than September 29, 2017.

All responses to this RFP are due no later than October 6, 2017. Any proposals received after this date and time will not be considered.

2.2 Committee Contact

The following individual is the contact for the RFP:

Sarah Curran, Program Director for the Maine Forest Economy Growth Initiative

Phone: (207) 622-6345

Email: scurran@mdf.org

2.3 Questions

Suppliers are to direct any questions regarding the RFP content or process to the RFP contact. All questions should be submitted to the nominated email address during the RFP question period indicated above. The Committee may choose to convey responses to submitted questions to all suppliers so that each is equally informed.

2.4 Proposal Methods

Suppliers must submit their response in the following method:

- a) By email to: scurran@mdf.org. The subject heading of the email shall be **Maine Forest Economy Growth Initiative Global Market Analysis and Benchmarking RFP**. Only electronic copies are to be submitted in PDF format and Suppliers may submit multiple emails (suitably annotated – ex. Email 1 of 3) if attached files are deemed too large to suit a single email transmission.
- b) **Size of emailed tender not to exceed 15MB.**

2.5 Proposal Requirements

This request for proposals represents the requirements for an open and competitive process under federal guidelines for procurement by competitive proposal. In competitive proposal procurement, the proposal that is most advantageous to the program is selected, considering both price and other factors.

Proposals will be received until October 6, 2017. Any proposals received after this date and time will not be considered. All proposals must be signed by an official agent or representative of the company submitting the proposal.

Proposals must include the list of deliverables, timeframe for deliverables, and overall completion of this project. Bidders must complete the Fixed Price Summary Sheet (attached) for Phase 1 and Phase 2.

If the organization submitting the proposal must outsource or contract any work to meet the requirements herein, this must be clearly stated in the proposal. Additionally, all costs included in the proposal must be all-inclusive to include any outsourced or contracted work. Any proposals which call for outsourcing or contracted work must include a name and description of the organizations being contracted. All costs included in the proposal must be itemized to include an explanation of all costs and fees.

Please note that all deliverables will become public information.

Contract terms will be negotiated upon selection of the winning bidder for this RFP. All contractual terms and conditions will be subject to legal review by MFPC's attorney and will include scope, budget, schedule, and other necessary items pertaining to the project.

Bidders must return a completed copy of form CD-512, available at http://ci.noaa.gov/sites/lci/Documents/Forms/funding_forms_CD-512.pdf with their bid.

2.6 Project Budget

All proposals must include proposed costs to complete the tasks described in the scope of work. All costs and fees must be clearly described in the Fixed Price Summary Sheet. Proposals should include a breakdown of cost and hours for each task of the scope of work.

2.7 Bidder Qualifications

All bidders should provide the following information as part of their proposal for consideration:

Personnel

- Anticipated personnel you will assign to this project (name, title, brief summary of their academic background and professional experience) and description of what their role in this project will be

For Bidders who did not participate in the RFI:

Bidders who did not participate in the Global Market Analysis RFI (issued May 18, 2017) should also provide the following items as part of their proposal for consideration. (Bidders who participated in the Global Market Analysis RFI do not need to provide the following items again.)

Supplier Details

- a) Supplier name (Trading and Registered), registered address.
- b) Details of supplier operating locations.
- c) Supplier ownership information.
- d) Relationships with any parent company (if applicable).
- e) Details of joint venture arrangements (if applicable).

Supplier Capabilities and Experience

- a) A description of the core supplier business, listing relevant case studies or examples (a maximum of three) that support this description. Where possible, include case studies that may relate to activities consistent with the Opportunity. Within necessary boundaries of confidentiality, please be as specific as possible.
- b) Additional services, products and works provided outside of your core business.

- c) Describe why you would be uniquely qualified to meet or exceed the requirements of this study.
- d) If you have conducted similar projects, please indicate other factors that the committee should consider exploring in order to get the best result. Provide examples of similar work that you have done and what was included.

Certifications and Awards

- a) Details of all certifications held (ex. ISO 9001) including date of last certification and details of the certifying body (copies of certifications may be appended to your response).
- b) Details of any recent external corporate awards, including the awarding body, if relevant to the Opportunity.

Other Information

- a) Please include any information that will enable the Committee to understand how the supplier will provide services to address the Opportunity. This should include examples of similar previous work done by the supplier.
- b) Please provide 3 relevant references including contact information.
- d) Any further information/opportunities you believe the Committee may require

2.8 Suppliers to inform themselves

The Committee has taken all reasonable care to ensure that the RFP is accurate; however the Committee gives no representation or warranty as to the accuracy or sufficiency of the contained information.

2.9 Costs of preparing the response

All costs relating to the preparation and submission of a response are the sole responsibility of the supplier. The Committee shall not pay the supplier, wholly or in part, for its response.

2.10 Confidentiality

Except as required for the preparation of a proposal, suppliers must not, without the Committee's prior written consent, disclose to any third party any of the contents of the RFP documents. Suppliers must ensure that their employees, consultants and agents also are bound and comply with this condition of confidentiality.

2.11 Acceptance of these Conditions

Suppliers, by submitting a response to this RFP, are deemed to have acknowledged and agreed to the conditions set out in this RFP.

Part 3. Proposal Evaluation

3.1 Proposal Evaluation Criteria

All proposals received in advance of the solicitation deadline will be evaluated based on the following criteria:

- Overall proposal suitability (20 points): Proposal must meet the scope and needs included here and be presented in a clear and organized manner
- Organizational experience and previous work (20 points): bidders will be evaluated on their experience as it pertains to the scope of this project and previous projects completed successfully
- Value and cost (30 points): bidders will be evaluated on the cost of their analysis based on the work to be performed in accordance with the scope of this project
- Expertise and experience (30 points): bidders will be evaluated on the documentation of their staff's expertise and experience, particularly international experience

Non-response bids or proposals (i.e. those with material deficiencies, omissions, errors, or inconsistencies) will not be considered.

No contracts shall be made with parties listed on the General Services Administration's List of Parties Excluded from Federal Procurement or Nonprocurement Programs. All necessary steps will be taken to solicit participation of locally-owned, minority-owned, female-owned and small businesses.

The committee may choose to schedule one hour conference call meetings with suppliers to review the submitted information and provide the opportunity for the supplier to provide additional background relevant to this project.

A contract will be made in writing to the proposal which is most advantageous to the program considering the evaluation criteria specified. This will be the finalist with the highest score assigned by the review committee.
